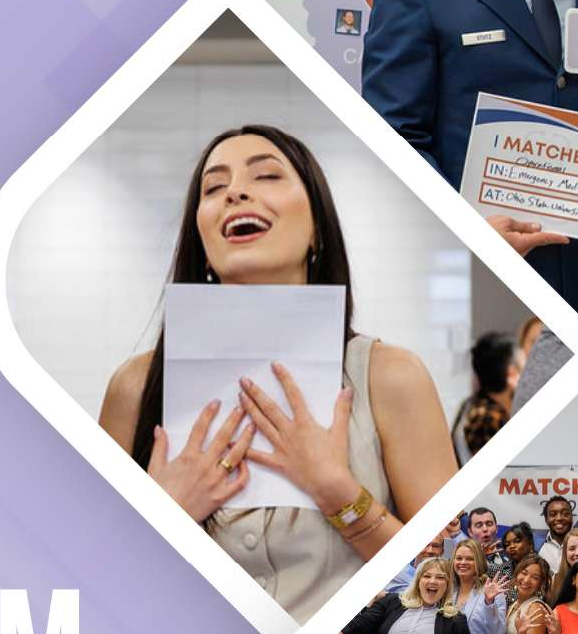
CLASS OF

2026

NOORDA-COM

MATCH REPORT



NOORDA COLLEGE
of OSTEOPATHIC MEDICINE

MESSAGE FROM THE DEAN

We are proud to share this report on residency placements for the Noorda College of Osteopathic Medicine Class of 2026.

In just our second year participating in the National Resident Matching Program, our students achieved a 94.7% initial match rate and a 98.3% overall placement rate, results that meet and, in many cases, exceed national averages. For a young medical school, these outcomes are remarkable and reflect the strength of our students, our faculty, and the clinical partners who have helped build this institution alongside us.

The members of this class made a bold decision when they chose to train at a new and innovative medical school. They helped shape the culture, traditions, and expectations of Noorda-COM while pursuing the rigorous path of becoming physicians. Their success in the Match reflects not only their academic preparation, but also their resilience, professionalism, and commitment to serving patients and communities.

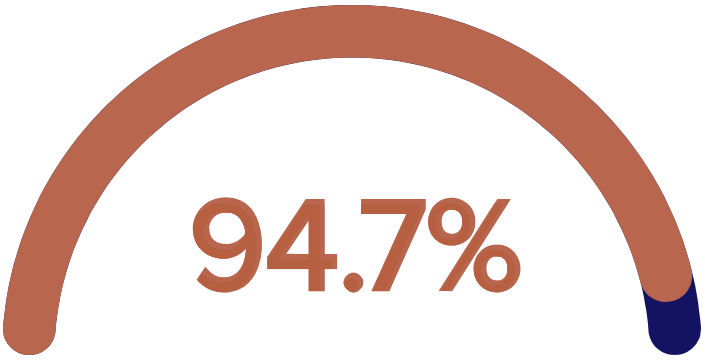
As you review this report, you will see more than a list of residency placements. You will see the impact of a medical school that is rapidly establishing itself as a meaningful contributor to the physician workforce. Our graduates are entering residency programs across Utah and the nation, prepared to care for patients, lead teams, and advance the future of medicine.

The Class of 2026 represents what is possible when talented students, dedicated faculty, and strong clinical partnerships come together around a shared mission. We could not be more proud of the physicians they are becoming.

Dr. Lynsey Drew
Dean and Chief Academic Officer

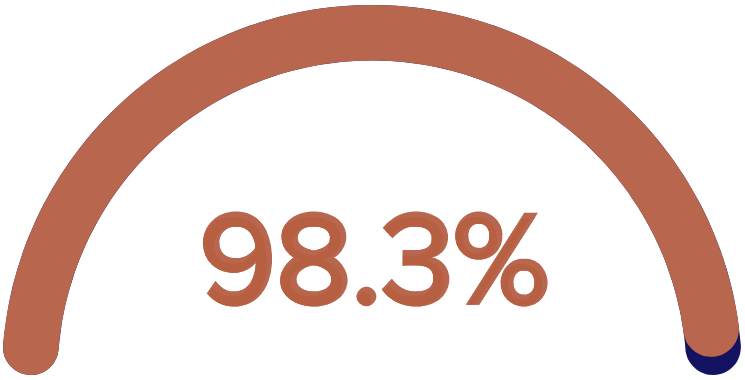
Noorda-COM Match Overview

Match Rate



94.7% of Noorda-COM Class of 2026 Applicants received a match on March 16, 2026

Placement Rate



*98.3% of Noorda-COM Class of 2026 applicants were placed in a residency program by March 20, 2026.

SPECIALTIES
